FOR IMMEDIATE RELEASE

VIBRANT LIGHT PROJECTIONS AND DISPLAYS TO HERALD THE NEW YEAR AT THE MARINA BAY SINGAPORE COUNTDOWN 2022

Singapore, 1 January 2022 – At the stroke of midnight, Singapore ushered in 2022 with vibrant light projections and displays illuminating the iconic Marina Bay skyline. While there were no fireworks at Marina Bay to prevent large crowds and minimise the risk of COVID-19 transmission, special light shows rounded off the month-long festivities of the ***Marina Bay Singapore Countdown 2022***.

At The Promontory, a special 2.5-minute ***Shine a Light*** animated display brightened up the night sky with a kaleidoscope of colours, heralding a new year filled with hope and optimism as we build a better Singapore together in 2022. Over at The Fullerton Hotel Singapore, the Merlion and the ArtScience Museum at Marina Bay Sands, digital clocks on the facades of these buildings counted down the final minutes of 2021. Light installations at the Marina Bay waterfront promenade also came alive with delightful animation to welcome the new year.

High-resolution images of the light projections and displays last night can be downloaded at this [link](#). Please credit the images to Urban Redevelopment Authority.
